I have been photographing people for 10 years! Crazy how time flies when you love what you do. I love capturing each and everyone's different personalities here at Brittney Donney Photography.

Before each session I want to get to know you as much as possible this is the most important part of my job. Understanding you is how I bring your personality into each photo.

I graduated Hawkeye Community College for Professional Photography in 2008, and Business Administration in 2010, because two degrees wasn't enough I went for my bachelor's degree in Exercise Science from University of Northern Iowa and graduated 2015.

My love for horses, hiking and traveling brings me to photographing those as well, creating artwork to share. There is so much beauty in this world to not capture beautiful scenery.
